Sasquan	USA	2015		20 + 2				
MidAmeriCon 2	USA	2016						

These are all rough ballpark numbers, based on data I collected at Programing Brain Trust (<http://www.dpsinfo.com/pbt>). Program room counts were based on # of rooms used at noon on Saturday (or the equivalent thereof). Counted one autographing per hour except where noted. Prog rooms generally included filking, gaming, anime, films - anything on the schedule. Rooms for offices, open gaming or lounges without scheduled items weren't included (except for open/close times for these items for '04 and '00).
